SUMMARY

I am a self-taught developer who is enthusiastic about Front - end Development. Interested in multiple domains I am looking to work in a dynamic environment where I can understand the paradigm of software engineering with suitable growth opportunities.

I'm proficient in HTML, CSS, JavaScript, and React with an extreme desire for learning and looking for new challenges in high-tech companies and start-ups who can learn new technologies in the least amount of time.

SKILLS:

- | | |
|-----------------------|-----------|
| • HTML5 | Sass |
| • CSS | ES6+ |
| • JavaScript | jQuery |
| • React.Js | Bootstrap |
| • Typescript | Rest API |
| • Git version control | Node.js |
